## MACHINA ARTS

### ART INSPIRED EVENTS & DESIGN

#### Our Mission

Machina Arts is dedicated to positively transforming our community through arts and culture.

Machina Arts offers creative event management, stylish interior design, and interactive gallery curation.

#### Our Vision

Our vision for The Hive was to make a creative, flexible, and inspiring co-working space for downtown Keene. The Hive invokes images of intentional collaboration, pollination and creation, a complex symbiotic system, and natural beauty. We used this name to help shape the content in the space and also the design of the space. The general design of the room is mid century modern industrial with elements of nature, brought in by the hive motif, a birch tree divider screen with smooth black beach stones, biomorphic furniture, and natural wood.
